

DUAL ENROLLMENT PROFILE 2011-2012

CCHS, in collaboration with Florida International University and St. Thomas University, has an extensive Dual Enrollment program offering college credit to students who qualify. Courses that are part of the Dual Enrollment Program are listed below by semester. For a student to qualify for this program he must do the following:

1. Have a cumulative GPA of 3.0 or higher and the willingness to complete the course requirements. Registration is a student's decision to make.
2. Be registered in a Dual Enrollment course here at CCHS by completing the registration paperwork for the University within the published time frame and paying \$120.00 tuition per course per semester for FIU or \$165 per semester for St. Thomas University.
3. Once a student is enrolled in a College Dual Enrollment course he cannot withdraw for reasons of difficulty or low grades. To do so would result in a "W" on his college transcript with the possibility that this then could turn into an "F". This would affect his future College GPA and could affect his eligibility for a Florida Bright Futures Scholarship. Dual Enrollment registration is an actual College registration with all the connecting requirements. Students now have an official college transcript with a college ID number.

F.I.U. has established prerequisites for certain courses. They are as follows:

1. Full year courses in History, English and World Languages must be taken in sequence. For example you cannot take the Spring semester of a full year course if you have not successfully completed the Fall semester.
2. American History – Origins of American Civilization AM2041 Fall Semester is followed by AM2042 in the Spring Semester. Must achieve a grade of "C" or better to register for the Spring Semester. A student with a grade of "C-" or lower cannot proceed to the next level and will not receive college credit.
3. English – Writing and Rhetoric 1 ENC 1101 Fall Semester - is followed by ENC1102 in the Spring Semester. Must achieve a grade of "C" or better to

register for the Spring Semester. A student with a grade of "C-" or lower cannot proceed to the next level and will not receive college credit.

4. World Languages follow in sequence: Span 2200-2201; Span2230-2330; Span 2340-2346 with two semesters for each level. Any Dual Enrollment Grade below a "C", including a "C-" will not receive college credit.
5. Math sequence requires no grade lower than "C" for a student to proceed to the next level. A student with "C-" or lower cannot proceed to the next Dual Enrollment Math level nor receive College Credit for the course taken.
6. Students signing up for Pre-Calculus in Spring 2012 must first pass the ALECKS test. This test measures math ability and is given on line in the Fall 2011. A student must achieve a passing grade in order to take Dual Enrollment Pre-Calculus - Spring 2012.

The Dual Enrollment Office here at CCHS assists students with this process during the school year. If you have any questions please contact Brother Vincent Moriarty at 305-223-5650 extension 2230.
